Dear Stratos,

We just wanted to send you a quick letter to thank you for all your help. Over the past five years Dine.TO has been invaluable in drawing new customers to our restaurant and maintaining relationships with regular customers through our email database.

Aleksandra Krzysztofiak has been an incredible asset, providing us with the ability to contact all of our customers about promotions and special offers at very short notice. Our VIP club database is at over 4000 people, and our email database is at over 2200 and growing every day.

Since first joining Dine.TO in 2005, we have been consistently impressed with the service, and we look forward to many more profitable years of collaboration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Vince and Leticia Moneva', with a long horizontal flourish extending to the right.
